**Club's Mock Crash
Emphasizes ATV Safety**

*By Kevin Johnson
Photos by Pete Grecinger*

On June 5th, 2021, the Goodland Fire Department and Run-A-Muck ATV Club from Pengilly, MN, sponsored a Mock ATV Crash. Kevin Johnson of Pengilly (member of Goodland Fire Department and the club) was responsible for organizing the project. The mock crash took place off of the Goodland Trail at the entrance to Nameless

Lake. While this mock crash was for training purposes for the Goodland Fire Department, it was also meant to bring awareness to the general public and trail riding community of the importance of ATV safety.

With the help and cooperation of several volunteers and the very capable first responders, this exercise was a huge success. Many of the volunteers were members of Run-A-Muck ATV Club and played important roles as crash victims. Even though there was advertisement of the crash, some ATVs rolled up on the

accident without any knowledge that it was only a mock crash and immediately thought it was an authentic crash due to the great acting job of the volunteers, props and the reality of how well the first responders were doing their jobs.

While one volunteer crash victim was injured with a broken arm and hung up in a tree, other volunteer crash victims presented injuries that included head trauma, impalement, heart attack and leg numbness. Some victims needed to be extracted from their side-by-sides. The first responders were quick to assess injuries and stabilize the victims so they could be transported from the scene, all while remaining

calm and maintaining order.

After the mock crash was over there was a small gathering at Kevin Johnson's house for food and refreshments. Everyone did a great job! Congratulations to the Goodland Fire Department and thank you to everyone involved for making this a successful training exercise. Ride safe!

Thanks to Bruce Lawrence, DNR Enforcement, for providing ATV Minnesota with an update on ATV accidents involving fatalities to date this year, during our quarterly meeting with DNR Parks & Trails and other divisions, held on June 23rd. "Speed has been a factor in a lot of accidents this year," said Lawrence. Use this information to reinforce the importance of your club's ATV Safety Classes and community efforts promoting safe, responsible riding.

Volunteer Shifts Now Open To Promote ATV Safety At The State Fair

A message from the DNR to all ATV Minnesota clubs and their Trail Ambassadors & Safety Instructors.

Hello Everyone,
We are moving forward with the State Fair and it's coming fast. Unfortunately we do not have the normal amount of

time to plan, and your involvement is key to a successful return to the Fair. Please take a look at the Volunteer Shifts to sign up and help in the ATV booth at the DNR Building, at this link:

https://doodle.com/poll/9pu3kwy7nu8dm4ds?utm_source=poll&utm_medium=link

Vaccinated employees, contractors, vendors, volunteers and interns are currently no longer required to wear face coverings when inside state facilities and vehicles or when working outside and unable to maintain six feet of social distance from others. Unvaccinated employees, contractors, vendors, volunteers and interns must continue to wear face coverings when inside state facilities and vehicles or when working outside and unable to maintain six feet of social distance from others. We continue to encourage DNR employees and volunteers who are not vaccinated to consider getting vaccinated. Vaccines are widely available at pharmacies and other locations throughout the state; you can also visit VaccineConnector.mn.gov to find an opportunity near you.

These requirements are subject to change as the COVID health situation changes in Minnesota. DNR leadership will communicate staff and volunteer changes as needed.

I will be following up with a volunteer packet that provides training and background check information, as well as to get everyone's addresses for mailing tickets.

ATV Fun Run Benefits Veterans Relief Fund

By Loren Arveson, ATVMN NW Regional Director

Photo by Hagen Aerial Photography

On Saturday, June 19th the Williams, MN, Youth Recreation Association sponsored a Veterans ATV Fun Run. This was in Beltrami Island State Forest using ATV GIA trails & State Forest roads. The ride was 40 miles long. Starting point was Bemis Hill to Winner Silo, and then to Penturen Church for lunch. Then back to Bemis Hill. There were 70 machines and 148 people. All proceeds will be donated to Lake of the Woods & Roseau Counties Veterans Relief Funds. Great group of people, much fun for all. Very dry and dusty, however for a great cause.
